Examiner's Amendment

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Attorney Kaushik Sriram on November 10, 2004.

Accordingly, in claim 10:

- a) delete the phrase – "claim 9" --, and replace it with -- "claim 1" --;
- b) delete the phrase – "said magnet"--, and replace it with – "a magnet" -- .

2. Preliminary amendment dated July 26, 2004 has been received and entered. Applicant has canceled claim 9. The pending claims 1-8 and 10-23 are in allowable condition.

REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance:

Claims 1-8 and 10-23 are allowed, as the prior art of record does not teach or suggest a method and a system for identifying a presence of first fluid having a first transverse nuclear magnetic spin relaxation time T2 in a mixture of fluids in an earth formation with a second fluid having a second transverse nuclear magnetic spin relaxation time T'2 greater than said first transverse relaxation time, including a processor for determining a value of weight time (TW) for which a resulting signal from the second fluid is substantially zero, in combination with the remaining limitations of the claims.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Brij B Shrivastav whose telephone number is 571-272-2250. The examiner can normally be reached on 7 AM to 4 PM.
